

ArtikelNr.: 101-PM75

Artikel: flexBEAM PLANT-MIX

PAR - Photosynthetisch aktive Strahlung

PPE - Photosynthetischer Photonenfluss pro Watt elektrischer Energie

PPFD - Photosynthetische Photonenflussdichte

Die Lichtmessung des Produkts erfolgte mit 90° Linse in trockener Umgebung und bei 100% Leistung. Die Verwendung von fokussierenden Linsen, Schutzabdeckungen oder Reflektoren kann zu abweichenden Ergebnissen führen. Zudem kann es chargenbedingt zu leichten Abweichungen im Vergleich zum Prüfmuster kommen.
